

Sea Wise, Inc.
Survey Work Order

The Following **Terms, Conditions, and Limitations** are provided for your benefit and information.

- **One** survey report with photos will be provided (unless otherwise agreed) only to the person authorizing this survey/appraisal or as agreed to by this surveyor and subject client. Please sign and return this work order.
- I will exercise “reasonable care” and “due diligence” in conducting a “visual” and “hands on” marine survey/appraisal of the accessible areas of the subject vessel.
- Unless specifically stated otherwise, in my survey report/appraisal, this surveyor will not operate the engines, machinery, equipment, or appurtenances.
- I will report all “details”, “particulars”, and “findings” discovered during subject survey/inspections including “Safety Deficiencies”, “Other Deficiencies Needing Attention”, and “Surveyor’s Observations”.
- All “judgments”, “conclusions”, and “recommendations” will be expressions of my opinion based upon my skill, my training, and my experience after a careful inspection of the vessel and its systems and after discussions with the owners or others familiar with the subject vessel.
- The survey report will be prepared after a thorough visual and hands-on examination of the hull, machinery, rigging, hardware, systems, and equipment. The report will be submitted in “good faith”, “without prejudice” and will constitute a description of the condition of the vessel at the time and date of survey.
- No part of the survey report will be issued as an expressed or implied “warranty” or “guarantee” of the “vessel’s condition”, the “vessel’s value”, the “vessel’s replacement value”, or the “cost to do repairs”.
- The survey report will be issued for the sole use of the requesting party (work order signatory) and for an agreed fee based on the express use of the report and the legal liability of this surveyor or Corporation. Others are not to use the published report and not to rely on its contents without payment to this surveyor or Corporation for an agreed fee based on appropriate reevaluation of the same factors in the published report of survey.
- This survey or Corporation shall have no liability for consequential damages, no liability for personal damages, no liability for property loss damages, no liability for punitive damages, all of which shall be deemed to have been knowingly and voluntarily waived upon use of the subject survey report and work order signature.
- In no event shall the legal liability of this surveyor and this Corporation exceed the fee paid by the requesting party for this survey and report regardless of the claims and suits and regardless of the number of claims or whether under theory of tort, contract, products, outrage, or otherwise. Also, you agree to pay all legal costs for bill collection if required.
